Period ____

MR. ABATE'S CLASS CONTRACT

INTEGRATED MATH 1 2016-2017

I have reviewed the syllabus and class rules/consequences with my child and agree to help him/ her to follow all classroom rules and procedures in order to have a successful school year.

Parent/Guardian Name(s): _____
(please print)

Daytime Phone #: _____ Cell/Home Phone #: _____

Email Address: _____
(please print)

Parent Signature _____

Throughout the school year, you will be expected to follow the rules listed below, at all times. Please take time to reflect on each rule. What does this rule mean to you? How will you demonstrate it in the classroom? Why is it important?

1. Be honest.

2. Be considerate (of other people, their things, and their feelings).

3. Be prepared (bring all necessary materials; be ready to work when the bell rings).

4. Be responsible (for yourself and your actions).

5. Always do your best!

Select one of the 8 Mathematical Practices and use the lines below to write that practice in your own words:

Make sense of problems and persevere in solving them
Construct viable arguments and critique the reasoning of others
Use appropriate tools strategically
Look for and express regularity in repeated reasoning

Reason abstractly and quantitatively
Model with mathematics
Attend to precision
Look for and make sense of structure

I fully understand and agree to comply with the rules listed above in order to ensure a successful learning environment for my class.
