

Adding Integers (Hints)

$-2 + 3 = 1$
↓ walk forward
Start at 0 ↓ walk to first
↓ Face Forward

$5 + -7 = -2$
↓ start at 0
↓ walk to first
↓ face right
↓ walk backwards

$$-10 + 4 = -6$$

$$-3 + -2 = -5$$

$$4 + -8 = -4$$

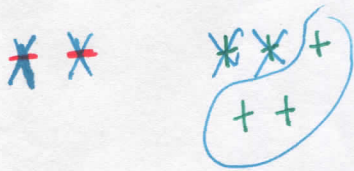

$$-2 + -5 = -7$$

Adding Integers - Hints

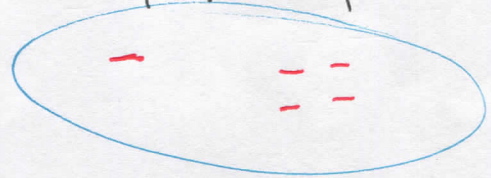

Opposites

When a positive and a negative are opposites they will cancel each other out (equal 0)

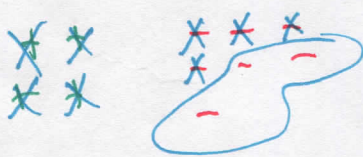

$$-2 + 5 = 3$$

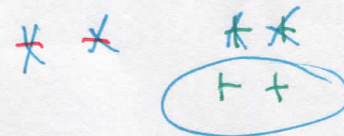

$$-1 + -4 = -5$$

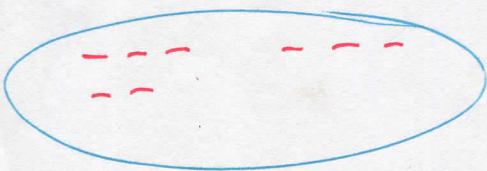

$$4 + -7 = -3$$

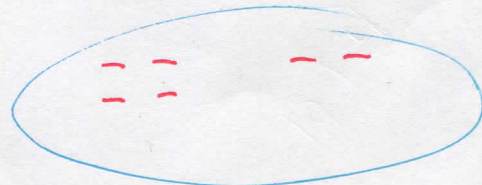

$$-2 + 4 = 2$$

$$-5 + -3 = -8$$

$$-4 + -2 = -6$$

positive integer : money you have

Negative integer : money you owe

money left : positive integer answer

money owed : negative integer answer

$$-2 + 4 = 2$$

$$-4 + -7 = -11$$

$$-20 + 4 = -16$$

$$-15 + -3 = -18$$

$$14 + -7 = 7$$

$$10 + -15 = -5$$
