

Forum Directions

5 Points

1. Go to Moodle (the Home icon on your chromebook)
2. Sign into Moodle using the “Sign in with Google” button
3. Find Math 6
4. Click on the “Nana’s Paint Mixup” forum. (all the way at the bottom of the page)
5. Then “Click here to answer the question”
6. Watch the video and then review the problem and questions being asked.
7. On a piece of binder paper complete the problem.
8. Click on the reply button and type in your answer. Be sure to answer all parts of the problem.
9. Submit your answer.

WAIT ABOUT 3-5 MINUTES

5 Points

10. Go back to the forum and find your classmates reponses.
11. You will reply to ONE peer. To receive your 5 points you must reply in one of the following ways:
 - a. Find an answer that is different then your answer
 - i. If you think your answer is correct and your peer is incorrect explain to them their mistake and tell them how to correct their work (be kind)
 - ii. If you think your answer is incorrect find someone who you think answered the question correctly and tell them how their answer helped you to see your mistake
 - b. OR
 - i. If you think your answer is correct and you find someone else who you think is correct but solved in a different way, point out your differences and explain why they both work.
